access to H2O

- Fossil fuels
- Climate change
- Emergencies
- Power outage
- Illegal dumping
- Homelessness
- Polluted H2O
- Industry
- Inadequate storage
- Land availability
- Conservation
- Reuse
- Quality
- Overpopulation
- Low impact development
- No infrastructure
- No transport
- Refill aquifers
- Reliability
- Competing interest
- Import H2O
- Demand
- Users/industry
- $
Supply Issues
- Cost of New Infrastructure
- Bad Decisions Long Ago
- Regulation/Unintended Consequences

Prop 248
- Reduced Access to H2O
- Coalition Building
- Lack of Political Will to Change

Contamination
- Infrastructure Issues-Aging
- Drought/Weather Patterns

Loss of Well
- Cost of Repairs

Communication
- Public Opposition
- Apathy

Growth Management
- Loss of CD River Supply

Education
- Lack of Understanding/Knowledge
